

## **Capacitor Plate for Substrate Components**

### **ABSTRACT**

A method and apparatus to mount a capacitor plate to a substrate, under a  
5 component. One embodiment of the invention involves a method to assemble a  
capacitor plate on a substrate. A second embodiment of the invention involves a  
method to fabricate a capacitor plate. A third embodiment of the invention involves an  
assembled substrate with a capacitor plate on the second side of the assembled  
substrate, under an electrical contact area of a component on the first side of the  
10 assembled substrate.
